Re the Application of

MARKHAM

Serial No.: 09/589,788

Filed: June 8, 2000

Atty. File No.: 7032-8-1

For: "BOUNCING PET TOY"

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir/Madam:

Applicant hereby petitions in response to a Second Notice of Incomplete Reissue Application mailed on August 23, 2001. Applicant filed the above-identified reissue application on June 8, 2001. The application was accorded a serial number and Applicant received a postcard in response to the filing. On May 24, 2001, a first Notice of Incomplete Reissue Application was mailed. The First Notice asserted that the specification was missing, and that the specification did not include at least one claim. On July 20, 2001, Applicant filed a First Petition disputing the assertions in the First Notice. A copy of the First Petition is attached hereto as Exhibit A. Applicant then received the Second Notice of Incomplete Reissue Application with a mailing date of August 23, 2001. The Second Notice is a duplicate of the First Notice, with the exception of difference in mailing date. Applicant conferred with Ms. Rawls, most recently on October 22, 2001, of the Office of Initial Patent Examination, who agreed to confer with her supervisor to determine whether the Second Notice could be withdrawn. Applicant has not yet received written confirmation that such withdrawal occurred and, thus, files this Second Petition.

By way of this Second Petition, Application requests the following relief:

- 1) that action be taken on Applicant's First Petition forthwith;
- 2) that Applicant be granted the June 8, 2001 filing date;

- 3) that the First and Second Notices of Incomplete Reissue Application be withdrawn;
and,
- 4) a refund of the petition fees paid.

Both Notices are incorrect in asserting that the specification was not filed with the reissue application. The specification was filed with the original reissue application. The specification filed was a copy of the patent to be reissued, U.S. Patent No. 5,865,146, as is shown in the Exhibits to the First Petition. Since no changes were made to the specification, only to the claims by way of preliminary amendment, Applicant did not cut up the patent, as suggested by MPEP § 1411.

Also enclosed herein is the petition fee for \$130.00. Any underpayment of this fee may be charged to Deposit Account No. 19-1970.

A copy of the Second Notice of Incomplete Reissue Application is also enclosed herein.

In summary, applicant respectfully petitions withdrawal of the First and Second Notices of Incomplete Reissue Application, action upon the First Petition, the granting of a filing date of June 8, 2000, and refund of the petition fees.

If there are any outstanding matters which would prevent the above requested relief, the Petition Office is urged to contact the undersigned at 303-863-2982.

Respectfully submitted,

SHERIDAN ROSS P.C.

Dear Sir/Madam:

Applicant hereby petitions in response to the Notice of Incomplete Reissue Application mailed on May 24, 2001. In the Notice, it was asserted that the specification was missing, and that the specification did not include at least one claim. This Notice is incorrect. The specification was filed with the original reissue application. Enclosed herein at Exhibit A is a copy of the postcard, stamped as being received by the Patent Office on June 8, 2000. The specification filed was a copy of the patent to be reissued, U.S. Patent No. 5,865,146. Also enclosed at Exhibit B is the applicant's transmittal letter (two pages) signed by Ms. Ginny Sawatzke on June 8, 2000, certifying that a copy of U.S. Patent No. 5,865,146 as the specification was filed. Finally, enclosed at Exhibit C is a copy of the PTO Form SB/50 (two pages) also certifying that a photocopy of the U.S. Patent No. 5,865,146 was included with the original filing of the application.

According to MPEP §1410 (Content of Reissue Application), the specification of the reissue application is the copy of the patent for which reissue is requested that is submitted by applicant as part of the initial application papers. As stated above, a copy of the patent for which reissue is requested was filed as the specification. MPEP §1411 states that cut-up soft copies of the original patent, with only a single column of the printed patent securely mounted on a separate sheet of paper,

should be used in preparing the reissue specification and claims to be filed. Applicant did not submit a cut-up copy of the original patent; rather, a copy of the original patent which was not cut up was submitted. Therefore, applicant's only potential error with regard to the filing of the specification of this reissue application was not to place the specification in the cut-up form.

Applicant's attorney contacted Mr. Tim Williams on July 19, 2001 at the Initial Patent Examination Division to request that the Initial Patent Examination Division pull this re-application file to see if, in fact, a copy of the patent was in the file. Mr. Williams indicated that he would order the file from the Central Files.

Also enclosed herein is the petition fee for \$130.00. Any underpayment of this fee may be charged to Deposit Account No. 19-1970.

A copy of the Notice of Incomplete Reissue Application is also enclosed herein.

In summary, applicant respectfully petitions withdrawal of the Notice of Incomplete Reissue Application, granting of a filing date of June 8, 2000, and refund of the petition fee.

If there are any outstanding matters which would prevent the above requested relief, the Petition Office is urged to contact the undersigned at 303-863-2982.

Respectfully submitted,
